

<p>This is a force. You will force the top card, F, g the audience by dealing and cutting. Audience is then taken down the garden path..</p> <p style="text-align: right;">Generic Section</p>		<p>Please remove any number of cards from the center, and let me not see how many you took.</p> <p style="text-align: right;">Performer says</p>	<p>Then, count and remember the number of cards removed, m</p> <p style="text-align: right;">Performer says</p>	
<p>Please replace the cards to top and square all the cards again to destroy any evidence of the number of cards taken.</p> <p style="text-align: right;">Performer says</p>		<p>run 1 card to btm. false shuffle</p> <p>Suggested Notation: 1 # U * = U # (run 1, throw deck ontop; undercut, run-jog a card, shuffle off; undercut, throw remainder ontop)</p> <p style="text-align: right;">Generic Move</p>		<p>Now go through the deck and please remember the card at the thought of number's position</p> <p style="text-align: right;">Performer says</p>
<p>Or: Deal m cards. Then take the top card.</p> <p style="text-align: right;">Performer says</p>	<p>This is the force card!</p> <p style="text-align: right;">Note</p>	<p>Will you agree that I cannot possibly know the card you noted? However, I admit that I know the card must be among the top 15, because you didn't cut off more than that many.</p> <p style="text-align: right;">Performer says</p>	<p>Use as favours, for example as follows</p>  <p style="text-align: right;">Pause</p>	<p>Please cut the deck to destroy any such clues</p> <p style="text-align: right;">Performer says</p>
<p>Give it another cut</p> <p style="text-align: right;">Performer says</p>	<p>And to make my task more difficult please shuffle the thoroughly</p> <p style="text-align: right;">Performer says</p>	<p>You can help me find the card. Please set the deck on the table and cut to any card, wherever you wish.</p> <p style="text-align: right;">Performer says</p>	<p>Have her cut 3 times. Since you know the card (it was forced) you can adjust your responses. Play with colour, suit on first two cuts, fake- deduce the correct suit and misspell the value of the 3rd cut card (don't let them see the card). Finally, name it</p> <p style="text-align: right;">Generic Move</p>	 <p style="text-align: right;">End</p>
